WHAT IS A COOKIE?

A cookie is a file that is downloaded on to your computer when you access certain web pages. Cookies allow a website, among other things, to store and recover information regarding a user's or computer's browsing habits and, depending on the information they contain and how they use their computer, these can be used to recognise the user. The user's browser stores cookies on the hard drive only during the current session, occupying minimal memory space and not harming the computer. Cookies do not contain any kind of specific personal information, and most of these are deleted from the hard drive at the end of the browser session (so-called session cookies).

Most browsers accept cookies as standard rule and, regardless of these, allow or prevent temporary or stored cookies in the security settings. Without your express consent – through the cookies activation in your browser - **SHACKLETON, S.A.** (hereinafter, "**SHACKLETON**") will not link the stored data with your personal data provided at the moment of registering or purchase.

WHAT TYPES OF COOKIES DOES THIS WEB SITE USE?

• **Technical Cookies:** These are those that allow the user to navigate through a web page, platform or application and use the different options or services that exist on the website, such as, for example, controlling traffic and data communication, identifying the session, accessing parts with restricted access, remembering the elements that make up an order, carrying out the purchase process of an order, applying for registration or participation in an event, using security elements during navigation, storing content for the dissemination of videos or sound or sharing content through social networks.

• **Analysis Cookies:** These are those that, well processed by us or by third parties, allow us to quantify the number of users and thus carry out the measurement and statistical analysis of the use made by users of the service offered. In order to do this, your browsing on our
